We exhibited at three gladiolus shows last summer, besides the Oregon State Fair where we won grand champion single spike. Other winnings include Best Vase, Best Recent Introduction, Open Sweepstakes, 3-spike Miniature Champion, Best Seedling, Best Arrangement, Best Basket, and nearly 300 ribbons. Also Oregon Showman of the Year for most prizes won in the three Oregon shows.

Again our bulbs are like wax wrapped in satin. It is a pleasure both to see them and to "paw them over" as we wait for spring.

READ BEFORE ORDERING:

With last season's growing, it was thirty-one years of "glad" enjoyment for us and our field, though small compared to those of wholesale growers, is a far cry from the handful of bulbs handed to us by a neighbor so long ago. All stock sold by us is what we grow, and is properly cleaned and cured. Bulbs are guaranteed true to name and free of disease and insect damage. While we cannot be responsible for the crop or for more than the price of the bulbs, we stand ready to right any mistakes. The foundation of our business success is satisfied customers: we know of no other.

-----\*\*\*-----

ORDER EARLY TO INSURE GETTING WHAT YOU WANT. Several of our varieties are grown in rather small quantities and some are always sold out early. Orders filled in rotation and so long as stock is available.

We give bulb discounts as follows: for orders of \$5.00 to \$10.00 select 10% extra in bulbs; \$10.01 to \$20.00, 15% extra in bulbs; over \$20.00, 20% extra in bulbs. WE DO NOT GIVE CASH DISCOUNTS.

PRESENTING

Three new varieties by Mirl Vawter.

ANGELICA (100) Lightly ruffled tiny pure white with a hint of cream in the throat. Excellent facing and placement, opens 5 of its 14 buds at once with 4 more in color. We have shown ANGELICA five times, and have five blue ribbons. Sent to the Rhode Island Trial Garden last season it rated 86, the highest rating given, winning a First Class Certificate. The little florets are  $2-2\frac{1}{4}$  inches across. ANGELICA is the only 100 size gladiolus in its color class that is NOT a face-up. This alone makes it valuable. It never misplaces florets, and has never crooked. We should have kept this till next year, but feel it is needed so much that we will offer it this year, as long as the stock lasts. Any size bulb, \$2.00. No bulblets.

YVONNE (210) Heavily ruffled solid golden cream, so small as almost to be in the miniature class. YVONNE opens 8 of 18 buds in perfect placement and facing, with 6 in color. It received Best Seedling award at Mill City, 1956, when there were less than 10 bulbs. We have shown it five times and have never gotten less than a first on it. YVONNE'S finely balanced little spikes will win on the show table and lend itself ideally to arranging and corsage-making. Increase good. Any size bulb \$2.00; one bulb and ten bulblets, \$4.00. Rated 83 at R.I. Trial Garden, 1959.

JOHNNY BOY (336) Solid glowing light orange-scarlet, JOHNNY BOY opens up to 12 florets of its 20 or more buds with nearly all the rest in color. Lightly ruffled 4-inch florets, needlepointed. The Color is so bright that it stands out anywhere in the field, and so soft that it almost seems to melt. Won Best 3-spike Seedling at Mill City in 1956 and would have been awarded the American Home Achievement medal but we didn't ask in time to receive it, at our show. Every time we have shown JOHNNY BOY we have received blue ribbons, five in all. Rhode Island Trial Garden rated it 83 in 1959. Any size, \$2.00; one bulb and 10 bt. \$4.00.

NEW HOLLAND VARIETIES:

from KONYNENBURG & MARK

DESIREE (337) lightly ruffled scarlet with blood-red blotch on yellow base. A bright thing, Received an Award of Merit in Haarlem, 1956. A fine addition to the Butterfly group. L or M, 60¢.

DOLL'S MENUET (332) Lightly ruffled apricot-salmon, blotched scarlet. A dainty little butterfly. L or M, 60¢.

JACQUELINE (330) Salmon pink with white center, somewhat creamy. Waved petals. Highly commended by the Royal Horticultural Society. A dainty little flower. L or M 60¢.

LITTLE SHEBA (311) Lightly ruffled ivory-cream, rose blotches. Nice long spikes, very attractive. L or M, 60¢.

NOIA (327) Lightly ruffled orange-salmon, crimson-velvet blotch. Edges are deeper; nice spike. This is the only "butterfly" we got to a show last season, result, a blue ribbon. Won a Certificate from the Dutch Trial ground, 1958. This is a honey. L or M, 60¢.

\*\*\*

Our introductions of last year have had more success than we had reason to expect. COPPER ROSE won 3-spike Miniature Champion, Best Vase (in combination with Taptoe), and four firsts; GREG VAWTER won four firsts; EILEEN CHURCHILL won Best Basket and one first; BECCA two firsts; SMALL TALK two firsts; WHIRLYBIRD won Best Arrangement, and we are about sold out of large bulbs, and have few mediums left in spite of the fine crop we raised. CADENZA won two firsts. SYLVIA HYPES was too early for the shows again in spite of a week's later planting. BLUE PLUSH won a blue ribbon, only time it was shown. This seems to us to be a creditable record.
